Volume 1 covers the North Auckland Line and its branches, which is everything past Newmarket in Auckland.

Newline - Wikipedia

Newline is a control character or sequence of control characters in a character encoding specification that is used to signify the end of a line of text and the start of a new

one. Some text editors set this special character when pressing the Enter key. When displaying a text file, this control character causes the text editor to show the following characters in a new line.
